# CAUTIONARY STATEMENT

This presentation is strictly confidential and any disclosure, use, copying and circulation of this presentation is prohibited without the consent of Infinite Ore Corp. ("The Company").

The information contained in this presentation does not constitute or form part of, and should not be construed as, an offer or invitation to subscribe for or purchase the securities discussed herein in any jurisdiction. Neither this presentation nor any part of it shall form the basis of, or be relied upon in connection with any offer, or act as an inducement to enter into any contract or commitment whatsoever. No representation or warranty is given, express or implied, as to the accuracy of the information contained in this presentation.

This presentation contains certain forward-looking statements relating to the business, financial performance and results of the Company and/or the industry in which it operates. Forward-looking statements concern future circumstances and results and other statements that are not historical facts. The forward-looking statements, contained in this presentation, including assumptions, opinions and views of the Company or cited from third party sources are solely opinions and forecasts which are uncertain and subject to risks. A multitude of factors can cause actual events to differ significantly from any anticipated development. Neither the Company nor any such persons, officers or employees guarantee that the assumptions underlying such forward-looking statements are free from errors and omissions nor do any of them accept any responsibility for the future accuracy of the opinions expressed in this presentation or the actual occurrence of the forecasted developments.

The information contained herein has been prepared to assist the recipients in making their own evaluation on the Company and does not purport to contain all information that they may desire. In all cases, the recipients should conduct their own investigation and analysis of the Company, its business, prospects, results of operations and financial condition as well as any other information the recipients may deem relevant.

Neither the receipt of this presentation by any recipients, nor any information contained herein or supplied herewith or subsequently communicated in written, electronic or oral form to any person in connection with the contemplated issue of shares in the Company constitutes, or shall be relied upon as constituting, the giving of investment advice to any such person. Each person should make their own independent assessment of the merits of investing in the Company and should consult their own professional advisors. By receiving this presentation you acknowledge and agree that you will be solely responsible for your own assessment of the market and the market position of the Company and that you will conduct your own analysis and are solely responsible for forming your own opinion of the potential future performance of the Company's business.

## **Michel Boily P.Geo**

Mr. Michel Boily, P.Geo (Quebec) is the Qualified Person as defined by National Instrument 43-101 who has examined and reviewed this presentation and geological information available from public sources related to the property and is responsible for approving the technical contents of this presentation. The Qualified Person has not completed sufficient work to verify the historic information on the Property, particularly in regards to the historical drill results. However, the Qualified Persons believe that drilling and analytical results were completed to industry standard practices. The information provides an indication of the exploration potential of the Property but may not be representative of expected results.

# MANAGEMENT, BOARD & ADVISORS

## **J.C. St-Amour** **M.Sc., CFA** **President, Director**

Mr. St-Amour has over 20 years of mining industry experience in corporate finance and mergers & acquisitions. He has a master's degree in geology and is a Chartered Financial Analyst with strengths and expertise in capital markets, financial and investment analysis, asset valuation, due diligence, and managing financing and M&A transactions in the natural resource sector.

## **Victor Cantore** **Advisor**

Mr. Cantore is a seasoned capital markets professional specializing in the resource and hi-tech sectors. He has more than 20 years of advisory and leadership experience having begun his career in 1992 as an investment advisor and then moving into management roles at both public and private companies. During his career he has organized and structured numerous equity and debt financings, mergers and acquisitions, joint venture partnerships and strategic alliances. Mr. Cantore serves on the boards of various companies both private and public.

## **Dr. Michel Boily** **PhD.** **Technical Consultant**

Dr. Boily is a Professional Geologist and expert geochemist and metallogenist specializing in the interpretation of precious and rare metal deposits of Precambrian volcano-plutonic terranes. He has also conducted exploration and technical evaluation of gold and base metals properties located Ontario, Quebec, Morocco, Northern Mexico and Argentina. Dr. Boily graduated from the Université de Montréal in 1988 with a PhD in geochemistry. Since 1984, Dr. Boily has been the author of various publications in international scientific journals and has written numerous technical reports.

## **John Masters** **Director, CFO,** **Corporate Secretary**

Mr. Masters brings over a decade of experience working with public companies. He has served as Director, CFO and Secretary in numerous public companies primarily in the junior mining industry giving him a truly diverse knowledge base in the administration field.

# MANAGEMENT, BOARD & ADVISORS

## **Dr. Jacques Trottier PhD, Advisor**

Dr. Trottier holds a PhD in economic geology from École Polytechnique of Montréal and has more than 30 years of experience in mining exploration and has held senior positions with number of public mining companies. He currently serves as Executive Chairman of the Board of Amex Exploration which recently made a major gold discovery in the Abitibi region of Quebec. Earlier in his career he served at the CEO of Sulliden Exploration where he bought the Shahuindo Mines in Peru and grew the asset to approximately 3M ounces of gold. This transaction led to the merger between Sulliden and Rio Alto, transforming Rio Alto into a mid-tier producer which later merged with Tahoe Resources.

## **Gerhard Jacob M.Sc. Director**

Gerhard Jacob is a seasoned professional with almost 30 years of experience in the mining and exploration industry. He has worked and evaluated numerous projects around the globe plus has extensive management experience. During his career Gerhard served on the board of several junior companies and as a lead advisor. His most recent directorship was with Pure Energy Minerals and has worked on lithium projects since 2011. Mr. Jacob holds an MSc. in Geology /Geochemistry from the University of Goettingen, Germany.

## **Michael England Director**

Mr. England has been involved in the public markets since 1983, beginning his career working at the Vancouver Stock Exchange as a floor trader. Since 1995, Mr. England has been directly involved with public companies in various roles, including investor relations, directorships and senior officer positions. To date, Mr. England has been directly responsible for raising in excess of \$60-million for mineral exploration and acquisitions.

## **Jonathan Gagné Eng., MBA Director**

Mr. Gagné has a B.Sc. in Mining Engineering from École Polytechnique de Montréal and an MBA with a specialization in Corporate Finance from Université du Québec à Montréal. Mr. Gagné has more than 12 years of experience in the mining sector in terms of project development, operation and management.

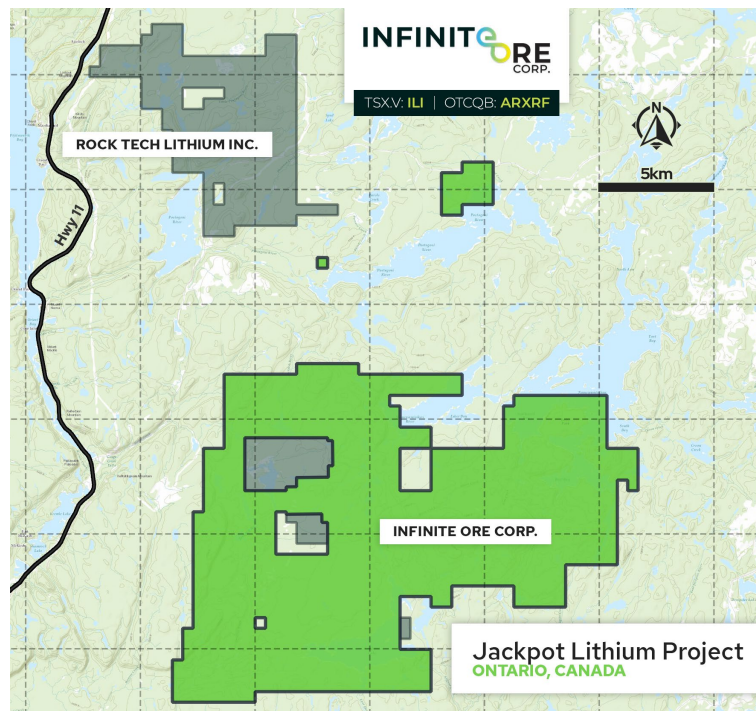

# JACKPOT LITHIUM PROJECT

# JACKPOT LITHIUM PROJECT

- Located in the Georgia Lake Area about 140 km NE of Thunder Bay
- Lithium sulphate production facility planned for nearby Thunder Bay, Ontario
  - Rock Tech Lithium and Avalon Advanced Materials Inc. to develop
  - Facility will need lithium concentrate feed
- Contains two historical resources\*
  - Jackpot deposit: 2Mt @ 1.09%  $\text{Li}_2\text{O}$
  - Newkirk-Vegan showing: 750kt @ 1.38%  $\text{Li}_2\text{O}$

*\*A Qualified Person has not verified the data disclosed through sampling, analytical, nor test data. The information was obtained from assessment reports submitted to the Ontario government. While the qualified Persons believe that drilling and analytical results were completed to industry standard practices, insufficient work has been completed to verify the historic information in regards to these historical drill results. This information provides an indication of the exploration potential of the Property but may not be representative of expected results.*

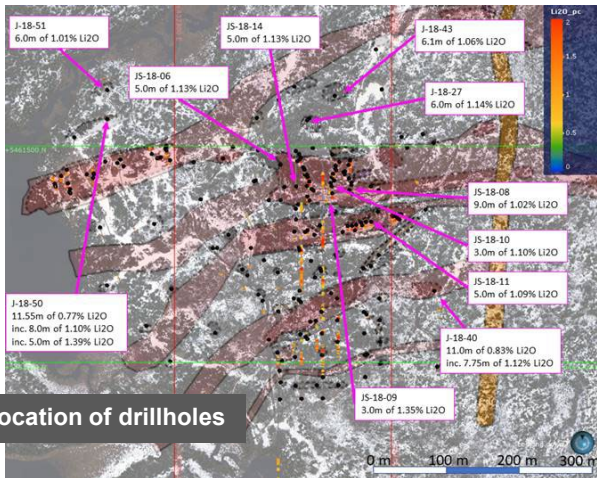

# JACKPOT LITHIUM PROJECT

- Infinite completed 53 drill holes (9,496 metres) in its long-hole program and 8 drill holes (298 metres) from its short-hole program in 2018
- Jackpot consists of a swarm of parallel lithium bearing east-west trending dykes
- Mineralized zone is open in all directions

- Highlights of the short drill holes Include:

Hole	From (m)	To (m)	Interval (m)	Li <sub>2</sub> O %
<b>JS-18-06</b>	0.00	5.00	5.00	1.13
<b>JS-18-08</b>	0.00	9.00	9.00	1.02
<b>JS-18-09</b>	1.00	3.00	3.00	1.35
<b>JS-18-10</b>	0.00	3.00	3.00	1.10
<b>JS-18-11</b>	0.00	5.00	5.00	1.09
<b>JS-18-14</b>	0.30	8.00	7.70	1.60

- Highlights of the long drill holes collared in 2018:

Hole	From (m)	To (m)	Interval (m)	Li <sub>2</sub> O %
<b>J-18-27</b>	163.00	169.00	6.00	1.14
<b>J-18-40</b>	48.90	59.90	11.00	0.83
<b>incl</b>	49.25	57.00	7.75	1.12
<b>J-18-43</b>	143.00	149.10	6.10	1.06
<b>J-18-50</b>	24.25	35.80	11.550	0.77
<b>incl</b>	26.00	34.00	8.00	1.10
<b>incl</b>	26.00	31.00	5.00	1.39
<b>J-18-51</b>	31.00	37.00	6.00	1.01

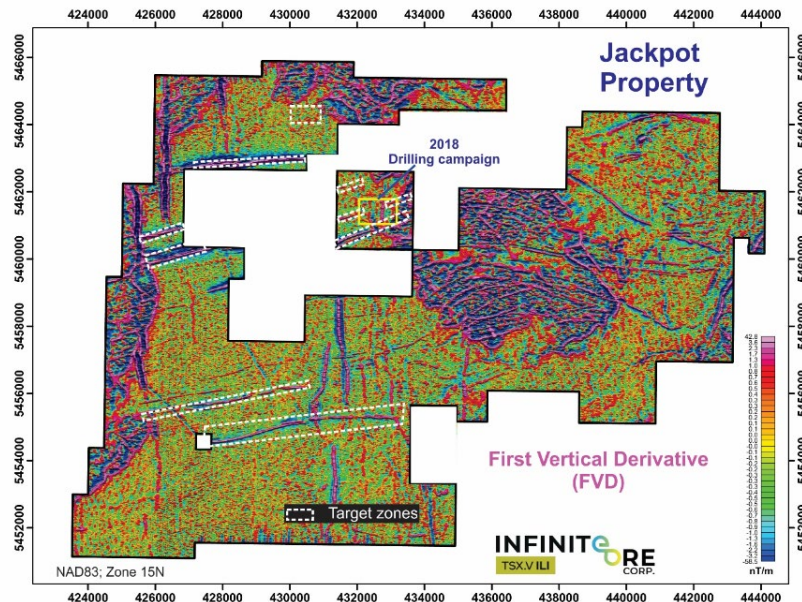

# JACKPOT LITHIUM PROJECT

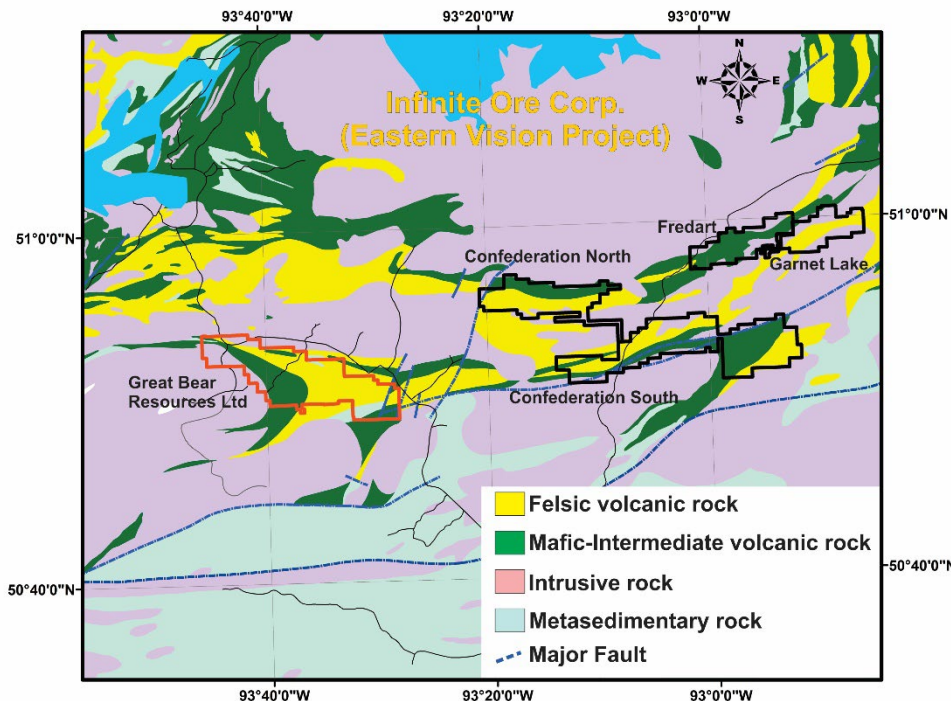

- High Resolution Mag Survey flown
  - Identified several new targets of interest including east-west trending structural features oriented parallel to several lithium-rich pegmatite dykes within the Jackpot lithium deposit
- Ground crew sampled spodumene bearing pegmatites more than 300 m north-east of the 2018 drilling area
- New pegmatites were observed over a strike length of ~900 m and appear to continue under cover to the north-east and under a small lake to the south-west
- Designing a drill program to test extensions of the Jackpot lithium deposit and other pegmatites on property
- Opportunity to expand land package

# EASTERN VISION PROJECT

- Covers large parts of the Confederation Lake assemblage of the Birch-Uchi Greenstone Belt
- Highly prospective for VMS and gold deposits
- Great Bear Resource Ltd.'s recent high-grade gold discovery in the same greenstone belt has demonstrated the gold potential of the belt
- Recently signed LOI with Trillium Gold Mines to acquire 100% of property
  - Trillium to issue 4,000,000 common shares and pay \$175,000 in cash to Infinite
- Leveraged to Trillium's exploration success as well as potential M&A in the Red Lake belt

## HIGHLIGHTS

- 100% owned position in Jackpot Lithium Project
- Working towards defining lithium deposit
- Near infrastructure and port of Thunder Bay
- Upside exposure to Red Lake Gold Camp
